Caracas, Venezuela / Remote

PROFESSIONAL PROFILE

Creative Designer, Art Director, and Web Developer with more than 7 years of experience creating brand identities, digital interfaces, and web applications. I combine strategic design, modern web development, and AI-assisted workflows to build efficient, scalable digital experiences. Specialized in bridging the gap between aesthetics and functionality.

EXPERIENCE

Web Developer & Creative Designer | Freelance FEB 2026 — PRESENT

- Creative design and modern web development combining branding, Next.js, AI-assisted workflows, and digital experiences.
- Developed **Copymaster**, a B2B SaaS copy-generation application using Next.js, Supabase (Row Level Security), and Google AI Studio API.
- Built a multi-tenant digital menu MVP featuring dynamic routing, an integrated shopping cart, and automated WhatsApp order dispatch.
- Developed custom PHP plugins and Elementor widgets focused on WordPress optimization, performance, and scalability.
- Created comprehensive content strategies, video scripts, and high-conversion social media assets for clients in the medical and retail sectors.

Creative Designer | Bom Creative Studios DEC 2024 — AUG 2026

- Designed and developed strategic visual solutions by seamlessly integrating brand identity, digital campaigns, and web experiences.
- Led the visual direction and production of complex digital pieces, highly optimizing delivery times using cutting-edge AI-assisted workflows.

- Led the agency design team, directing the development of visual identities and websites for both national and international brands.
- Collaborated directly with high-profile brands including Ayuntamiento de Madrid, Ever Insurance, Casabe Delbueno, and Caracas Meat Company.
- Created visually compelling work for mass-consumer brands such as Polar and Diageo, alongside video editing and outdoor advertising campaigns.

- Executed specialized graphic design for brands such as Diageo, Ron Cacique, PanaApp and visual communication projects for diverse agency clients.

- Delivered remote graphic design services and visual assets for a Madrid-based language tech company.

- Supported the creative team with comprehensive graphic design and visual communication tasks.
